

First Sunday of Advent – Hope

We celebrate the hope we find in helping people around the world who need our prayers and comfort for a better world. Hope is a journey we take with God. Hope is a positive expectation that something good is going to happen because of God's goodness in our life. What are you hoping for in the days leading up to Christmas?

Let us pray

Dear God: We are eagerly awaiting the arrival of Jesus and for our hearts to be filled with the hope he brings to our home, community, country and world. Amen
